Page 2, line 2, change "The" to -the-;

line 12, change "covered on" to -that covers-.

Page 3, line 23, insert -or- before "light" (second instance).

Page 4, line 9, change "and covered over" to -to cover-.

IN THE ABSTRACT:

In line 1 of the abstract, delete "which".

REMARKS

Reconsideration of the application is respectfully requested for the following reasons:

1. Objection Under 37 CFR §1.83(a)

This objection, made in item 1A on page 2 of the Official Action, has been addressed by canceling claim 3, which recites the refracting surface portions, and claim 12, which recites the plurality of light emitting diodes.

It is noted that the Official Action refers to claim 10 as reciting the plurality of light emitting diodes. It is believed that the reference to claim 10 was the result of a typographic error, since claim 10 just recites "at least one" light emitting diode, and it is clearly claim 12 rather than claim 10 that recites the plurality of light emitting diodes.

2. Title

The title has been amended to refer to both the projection lamp and air pump of the invention, in compliance with the requirement made in item 1B on page 2 of the Official Action for a more descriptive title.

3. Review of Disclosure

The specification, abstract, and claims have all been reviewed for grammatical and idiomatic errors, and corrected where necessary. It is respectfully submitted that the corrections are clearly formal in nature and therefore do not involve new matter.

Having thus overcome each of the objections made in the Official Action, withdrawal of the rejections and expedited passage of the application to issue is requested.

Respectfully submitted,
